Feather Falls Brewing Company Named No. 3 Brewery in the Nation

OROVILLE, Calif.—Feather Falls Brewing Company has been named the No. 3 brewery in the nation at the 2026 U.S. Open Beer Championship, earning four gold medals among six total awards and securing its place as one of the country's top-performing breweries.

The U.S. Open Beer Championship is one of the nation's premier beer competitions, drawing entries from breweries across the United States and around the world in more than 180 categories. Feather Falls Brewing Co. finished third overall among the competition's Top 10 Breweries, standing alongside some of the most respected names in the craft brewing industry.

The Feather Falls Brewing Company earned gold medals for four distinct beers:

- **Volcano Mudslide**—Sweet Stout
- **Angry Mama Bear**—Imperial Porter
- **Crouching Cougar**—American Barley Wine Ale
- **Charging Buffalo**—Belgian-Style Dark Strong Ale

The brewery also earned a silver medal for **Rye Not?** in the Rye Beer category and a bronze medal for **Oroveza** in the Australasian, Latin American or Tropical-Style Light Lager category.

"This national recognition is an incredible honor for our entire brewing team," said Brewery Manager Andy Durocher. "Each of these beers reflects the knowledge, creativity, and attention to detail that goes into every batch we produce. Being named the No. 3 brewery in the country is a tremendous achievement and a proud moment for Feather Falls Casino Resort and our entire community."

More than a single competition win, the No. 3 national ranking reinforces what guests have experienced at Feather Falls Brewing Company for years: expertly crafted beer made with quality ingredients, skill, and a commitment to creating distinctive flavors. From approachable year-round selections to ambitious new seasonal releases, the brewery continues to build an award-winning program rooted in Northern California.
